

VPS Client Agreement

I, (full name), with trading account number hereby submit my application to use a Virtual Private Server provided by MultiBank FX International Corporation.

I confirm that I have read, understood and agree with the statements written below regarding my application to trade using a Virtual Private Server (VPS).

Network and System

The Virtual Private Server is owned and managed by a third party and MultiBank FX International Corporation shall not be made liable for any malfunction or error of the hosting service including, but not limited to, network communication breakdown, data failure or system errors. Furthermore, there are other risks carried when using a Virtual Private Server that MultiBank FX International Corporation shall not be made liable for including, but not limited to, the malfunction of software, Internet connection and hardware. MultiBank FX International Corporation does not control signal strength or the configuration of the Virtual Private Server and its reliability.

Terms and Conditions

The Monthly Terms and Conditions to use a Virtual Private Server are:

1. A minimum account balance of \$2000.
2. A minimum amount of 10 trading lots round trip, per month from the date herewith must be attained.
3. Any breach of the conditions 1 and 2, on a monthly basis will result in a server fee of \$50.
4. MultiBank FX International Corporation reserves the right to refuse or cancel the VPS service at its sole discretion, and will inform the client.

I confirm, understand and agree to the validity of this agreement and all previous disclosures and agreements that I have signed with MultiBank FX International Corporation including, but not limited to, the Client Agreement.
